🪪 Profile

Artificial intelligence specialist with expertise in Data science I have technical skills with certifications, experience in tech competitions, and strong communication and leadership abilities. Passionate about AI, I am committed to continuous learning and innovation.

💼 Experience

Tools&Solutions (T&S), *Data management internship* — 08/2025 – 09/2025, Riyadh
  Data Governance Foundations - Data Warehouse Development
  ETL&Data integration - Data Quality&Validation

Shura Council By (T&S), *Data Management Office* — 09/2025 – Present
  Fulfilling the requirements and conditions related to data management offices

🎓 Education

Computer Science Bachelor - AI , Majmaah University — 2020 – 2025
  – I developed my expertise in machine learning, artificial intelligence, and data science
  – Professional in programming languages such as Python, C++, php

Summer Study Programme, *University of East Anglia* — 2025 – 2025, Norwich , United Kingdom
  Digital Technologies and Sustainability

📑 Professional Certifications

KAUST academy — 2024 – 2024
  – Introductory Artificial intelligence Training program

SDAIA & Microsoft — 2024 – 2024
  – AthkaU , Azure AI

University of Michigan — 2024 – 2024
  – Data Collection and Processing with Python
  – Introduction to Data Science in Python

DeepLearning.AI — 2023 – 2024
  – Linear Algebra for Machine Learning and Data Science
  – Calculus for Machine Learning and Data Science

IBM — 2023 – 2023
  – Supervised Machine Learning: Regression
  – Exploratory Data Analysis for Machine Learning

📜 Non-Technical Certifications

Qatar University — Doha, Qatar
  – Cultural and scientific week

IUMS — Rome, Italy
  – International course for creating the future

🤝 Volunteer Experience

Leader of the Media Club — 2021 – 2024, Majmaah, Saudi Arabia
  I built the Media Club from scratch, introduced innovative ideas, attracted many students, and helped establish its presence at the university.

Head of the Media Committee, TechHub Club — 2022 – 2025, Majmaah, Saudi Arabia
  TechHub Club at Majmaah University aims to develop students' technical and non-technical skills, enhance knowledge, foster participation, and improve student communication.

Founder and Leader of the Majmaah University Toastmasters — 2024 – present, Majmaah, Saudi Arabia
  Founded Toastmasters at my university to develop skilled individuals, exceptional speakers, and strong leaders, with a focus on leadership development.

🤖 Graduation project

Classifing Harmful Brain Activity, *Click to go to Github* ↗
  Developed Machine Learning and Deep Learning models to classify harmful brain activities using EEG data.

💻 Technical Skills

programming languages: python,C++,php,SQL, **machine learning**, **Deep learning**, **Data analysis**, **AI**, **Data visualization**

🏆 Skills

Public speaking │ Attention to details │ Quick learner │ Leadership │ Communication │ Problem solving │ Team player

🌐 Languages
